Ok, you'll have to let us know when those votes fail so this can be issued.

Hey Tom,

Thanks for sending along! A couple things after our review with parliamentarians.

We are hoping for a convening date of April 5 to give the Clerk some time for logistic work - Bill can correct me if I am wrong.

We would also like to add “and whatever other business may come before the legislature” in the last line of the third paragraph, to give some latitude in case the items listed already don’t cover the scope of legislative business.

It is our hope to call ourselves back in tonight, and assuming that fails, we would want this to be issued as soon as possible. If it could be posted tonight I think that would be ideal.

Max

Here you go. As far as timing goes, I assume the budget will hit the Governor’s desk at some point tonight. Are you planning to adjourn before she signs it? My understanding is that there will be some attempt to call yourselves back...when will that occur? The Governor won’t issue this until those steps are taken....I’m guessing that’s tomorrow, right?
